It is important that all members can confidentially report any concern.

Please report any wrongful behaviour, such as health and safety dangers, abuse, fraud, or actions bringing the sport into disrepute.

The first port of call is the club welfare officer (Alison Aldred) or the Chairperson (Neil Waters).

The Tyneside Loipers Committee commits to taking concerns seriously, acting on them quickly, and providing updates on progress.

If the matter is not resolved please contact [Snowsport England](#)
